Description :

Presentation de l'diteurThe starship New Horizon is Earth's first attempt at an FTL capable spaceship. But others don't want the mission to succeed. The mission goes suddenly and horribly wrong with the possibility of inadvertently leading the Hocklyns to Earth decades in advance of their estimated arrival time. Can the cadets on the New Horizon stop the deadly plot before it's too late? The Federation survivors on Ceres have built a new warship. Its the most powerful ship they have ever built. Its mission is simple. Return to the old Federation worlds, search for survivors, and find out how far the Hocklyn Slave Empire has spread. The whole key to their mission is secrecy, but the disastrous events on the New Horizon may jeopardize everything.Presentation de l'diteurThe starship New Horizon is Earth's first attempt at an FTL capable spaceship. Biographie de l'auteur I live in Clinton Oklahoma with my wife of 39 years and our cats. I attended college at SWOSU in Weatherford Oklahoma, majoring in Math with minors in Creative Writing and History. My hobbies include watching soccer, reading, camping, and of course writing. I coached youth soccer for twelve years before moving on and becoming a high school soccer coach for thirteen more. I also enjoy playing with my four grandchildren. I also have a very vivid imagination, which sometimes worries my friends. They never know what I am going to say or what I am going to do. I am an avid reader and have a science fiction / fantasy collection of over two thousand paperbacks. I want future generations to know the experiance of reading a good book, as I have over the last forty years.
