Description :

Prsentation de l'diteur'When you have to kill the same terrorist twice in one week, then there's either something wrong with your skills or something wrong with your world. And there's nothing wrong with my skills.'Police officer Joe Ledger, martial arts expert, ex-army, self-confessed brutal warrior is scared. The man he's just killed is the same man he killed a week ago. He never expected to see the man again, definitely not alive, and definitely not as part of the recruitment process for the hyper-secret government agency the Department for Military Sciences. But the DMS are scared too: they have word of a terrorist plot straight from a nightmare - a bid to spread a plague through America - a plague that kills its victims and turns them into zombies.Time is running out and Joe has shown he has the abilities they need to lead one of their field teams.And so begins a desperate three-part mission - to contain the zombie outbreaks, to break the terrorist

cell responsible and to find the man in their own team who is selling them out to the terrorists. Patient Zero is astonishingly fast moving, incredibly violent and down-right terrifying thriller - a new breed of thriller of techno-thriller that plays on our fears of mad science. Revue de presse "I had a fine old time reading PATIENT ZERO. Jonathan Maberry has found a delightful voice for this adventure of Joe Ledger and his crew: while the action is heated, violent, and furious, the writing remains cool, steady, and low-key, framing all the wildness and exuberance in a calm rationality (given an almost comic edge) that renders it as palatable as your favorite flavor of ice cream. This is a lovely feat, and Maberry has written a memorable book." - Peter Straub "Patient Zero is high-octane excitement from beginning to end, and the start of a fabulous new series. Joe Ledger and the DMS have my vote as the team to beat when combatting terrorist threats on a grand scale." - David Morrell, New York Times bestselling author of FIRST BLOOD and CREEPERS "Scary, creepy, and gripping--PATIENT ZERO is 'Night of the Living Dead' meets Michael Crichton."--Joseph Finder, New York Times bestselling author of Power Play "A fast-paced, creepy thriller that as prickly as a hospital needle and sounds a little too convincing. This guy is good." --Joe R. Lansdale "Brutal action, insanely intelligent, and so real that the hair on the back of your neck stands up!" --L.A. Banks, The Vampire Huntress Legends Series, New York Times Best-selling Author Presentation de l'auteur "When you have to kill the same terrorist twice in one week, then there's either something wrong with your skills or something wrong with your world.
