Revue de presse
Jonathan Little is one of the premier tournament poker players in the world today. I personally have learned so much from him and you can too. --Shannon Shorr
Jonathan Little's book may well be the best tournament poker book written since Harrington's. --pokerq4.com
Who are the books for? First and foremost, Little is providing a blueprint for players to make it playing poker for a living. And there isn't a better series of books on the market for someone who wants to take the plunge as a tournament pro. However, not everyone who will read SOPTP will be giving up their day jobs to play poker. But nearly every poker player even if they are just recreational or part-time players will find something they can use in their games by reading Little's books. --Michael Jones, Parttimepoker.com
