## Description :

Prsentation de l'diteurThe Shape of Things to Come The cataclysmic events of Star Trek: Destiny have devastated known space. Worlds have fallen. Lives have been destroyed. And in the uneasy weeks that follow, the survivors of the holocaust continue to be tested to the limits of their endurance. But strange and mysterious occurrences are destabilizing the galaxy's battle-weary Allies even further. In the Federation, efforts to replenish diminished resources and give succor to millions of evacuees are thwarted at every turn.

On the borders of the battered Klingon Empire, the devious Kinshaya sense weakness -- and opportunity. In Romulan space, the already-fractured empire is dangerously close to civil war. As events undermining the quadrant's attempts to heal itself become increasingly widespread, one man begins to understand what is truly unfolding. Sonek Pran -- teacher, diplomat, and sometime adviser to the Federation President -- perceives a pattern in the seeming randomness. And as each new piece of evidence falls into place, a disturbing picture encompassing half the galaxy begins to take shape...revealing a challenge to the Federation and its allies utterly unlike anything they have faced before.

Revue de presse Praise for Keith R.A. DeCandido: '...this is a quantum leap away from...Roddenberry's perfected human race; but it's still a hundred percent Star Trek. The difference is that this time DeCandido really has gone where no Trek writer has gone before. 9/10.
