## Description :

Prsentation de l'diteurRichard Oort seems like a normal police officer. But while on patrol he defends a terrified young woman fleeing something impossible: beings that can only be described as monsters. In saving the beautiful Rhianna, he is drawn into the machinations of a mysterious billionaire who just might be Prometheus and Lucifer, and who claims to be waging a millennia-old war on the side of reason and light, defending humanity from others of his kind who want nothing more than to see us destroy ourselves with superstition and fear. Richard is a Paladin, a genetic fluke that enables him to wield Lucifer's sword, and is forced to become a central figure in the battle between Light and Darkness. But is he strong enough to bear the burden?Revue de presseIf H.P. Lovecraft and H.L. Mencken had ever collaborated, they might have come up with something like The Edge of Reason.George R. R Martin [A] gritty narrative of a war between

light and dark... a harsh critique of organized religion with touches of humor. Publisher's Weekly A big, complex and ambitious tale... Readers looking for a thoughtful, action-packed and fascinating story, this one is for you. Strongly recommended. SF Revue A tightly paced supernatural thriller that manages to stay interesting and thrilling from beginning to end. King of the Nerds Thought provoking and certainly memorable... I'd love to see more of this world. --Green Man "It's great stuff... rends between worlds have never seemed so good and I'm raring and ready for part 2, The Edge of Ruin." ----The Book Bag Presentation de l'diteur Richard Oort seems like a normal police officer. But while on patrol he defends a terrified young woman fleeing something impossible: beings that can only be described as monsters. In saving the beautiful Rhianna, he is drawn into the machinations of a mysterious billionaire who just might be Prometheus and Lucifer, and who claims to be waging a millennia-old war on the side of reason and light, defending humanity from others of his kind who want nothing more than to see us destroy ourselves with superstition and fear.
